

Port de Porticciolo - Marina of Porticciolo

BY BICYCLE

Valleys of *Pietracorbara* and *Cagnano*
(30km round trip):

Easy level, plan to spend 4 hours riding.
There, you will discover the hills of the Cap Corse,
its hamlets and villages, riding on a quiet road
under the trees.

Start from the beach of *Pietracorbara* (9km north
from the hotel), follow the D32 towards
the interior, pass through the village
of *Pietracorbara*, and climb up to the hamlets
of the municipality of *Cagnano*: after about 10km,
make a right at the crossroad to go to *Piazze*
and *Terre Rossi*, then head downwards the village
of *Cagnano*, before going further down until
the crossing point with the coastal road.

There, make a right, towards south. Make a halt
at the nearby little marina of *Porticciolo*.
Then continue south for 5km to go back to your
departure point.
